Mixed media work by James Gardner

September 5–November 1, 2026

Looking to the iconography of martyrdoms and the depictions of saints, **Gardner's** recent work traces the historical iterations and mutations of these images while attempting to link their symbolism with myth and personal resonances. Through the activity of painting, common or even mundane images continually evolve to help in processes that reclaim the "symbolic imaginal" and animate new forms of knowledge and experience.
