The City of Frederick is embarking on an arts and culture strategic planning process. To begin, the City is excited to ask residents to help identify the cultural touchstones — formal and informal arts and culture-related organizations, businesses, venues, local landmarks, and more — that mean something to you. Help create a community-developed list of places you visit and resources you use that have cultural value to you.

Apply today to be a Judge for Maryland's Poetry Out Loud program

Two judges at the 2023 Maryland Poetry Out Loud State Competition at the Reginald F. Lewis Museum in Baltimore City.

The Maryland State Arts Council (MSAC) invites applications to serve as judges supporting Poetry Out Loud (POL), a poetry recitation competition that offers high school students the opportunity to learn about their literary heritage, build self-confidence, and improve their public speaking skills.

MSAC relies on a diverse array of experts from across the state to do the important work of evaluating POL competitors' recitations. Judges are selected with a focus on diversity of experiences, diversity of location, and expertise in literary and theater arts. Judges must be Maryland residents. Regional and state competition dates will be confirmed in November.

[Click here](#) to learn more about Maryland's POL program.

Cowork Frederick's Artist of the Month program supports up-and-coming local Frederick County artists by providing them an opportunity to exhibit and sell their work without the usual commission or fees. The program also brings ever-changing local art to the walls of Cowork Frederick for a more creative, vibrant work environment.

As part of the program, artists participate in a Frederick Artists Night (FAN) event with an exhibit and reception open to the public, along with live music from local singer-songwriters.

Cowork Frederick is particularly interested in artists who may not have had a chance to have an exhibition of their own yet.

YOU'RE INVITED TO A WORKSHOP PRODUCTION OF A NEW FAMILY
MUSICAL!

The Original Entirely Possible Origin of the Chocolate Chip Cookie
Book by Marilyn Bagel, Music by Jordan Clawson, Lyrics by Marilyn
Bagel
Directed by Christine Mosere

Sunday October 27 matinee at 2:00 pm
Monday October 28 at 7:00 pm, Tuesday October 29 at 7:00 pm

Who says the origin of the chocolate chip cookie couldn't have happened exactly this way? *The Original Entirely Possible Origin of the Chocolate Chip Cookie* is a tasty multicultural tale of culinary triumph, respect, and the "power of together" with ten original songs that combine the right ingredients: Start with King Cocoa whose overzealous pride and ego get in the way of his judgement. Add Stella Vanilla, a talented young woman with a delicious new vision. Mix in a pinch of the perils of perfection. Stir in the thought that good ideas come from different places and different faces. All lovingly narrated by Mama Cacao (Cah-COW), a wise bean-shaped being born from the seed of the tree used to make chocolate. Blend thoroughly until we reach the desired result that we're better together as Stella shows the king how they can both be in the chips and achieve worldwide acclaim with everyone's all-time favorite cookie!

What's a Workshop Production? In this process you, the live audience, play an important role in our development of a new musical or play because performing it for you gives us the opportunity to see what works and what may need tweaking. You enjoy the performance of the complete script and music by an enthusiastic and talented cast of actors, with minimal if any sets and costumes.

Performances in ESPLoft -16 E. Patrick Street on the 2nd Floor in Downtown Frederick, MD 21701, (NOTE There is no elevator in this historic building.)

Sea Legs by Lisa Sheirer

Opening Reception Saturday September 7, 5-8pm

Artist Talk Sunday, September 8 at 2pm

Show Runs: September 7 – October 27, 2024

Lisa Sheirer has been creating art for over 40 years. She works in a wide variety of mediums. The natural world has long been the foundational concept of her work. Awareness of the flora, fauna, microflora, water, and soil comes from hiking in her neighboring watershed, the ancient Catoctin Mountains. Sheirer goes almost daily into the watershed, documenting life there. Her work concerns our local, regional, national, and world environments. Sheirer's focused study and artistic expression of our natural environment helps us gain awareness of ecological rhythms and change, as we gain our sea legs in an evolving world.

Original works from three different series are being shown for the *Sea Legs* show: "Stratum" and "Sequence" series are primarily ink paintings, "Thinking of the Future" works are collages. All are ongoing series.
